AFRICAN JOURNAL OF SCIENCE AND NATURE (AJSN)

An Official Science Based Journal of Olabisi Onabanjo University, Ago-Iwoye

GENERAL POLICY

African Journal of Science and Nature is a bi-annual multi-disciplinary journal publishing original peer-reviewed papers that move beyond the shore of this nation in all fields of Science (Pure and Applied).

The objective of the journal is to provide a forum for academics and professionals to share the latest development and advancements in knowledge and practice of their different fields.

The journal aims at fostering the exchange of ideas on a range of important policy and developmental subjects, and provide stimulus for research in the fields of Science (Pure and Applied) in Africa.

All articles would be refereed and will particularly concentrate on empirical studies with practical application, theoretical and methodological developments as well as reviews of the literature in the concerned fields.
